

SFF 600

SFA 500 Overview

Wild Spirit Awakened, Breaking All Limits

Combining precise control, all-terrain performance and fearless exploration to surpass imagination with tremendous power. Race with fierce determination and lightning speed across boundless territories; overthrow constraints, pioneering uncharted frontiers. Charging, leaping, crushing over rocks, roaming free between heaven and earth, awakening the soul's deepest craving for adventure.

SFA 600

Wild Spirit Awakened

Powered by a single cylinder water-cooled 577.3cc engine, the model delivers maximum 44.87ps horsepower and peak torque of 55N·m, reaching a top speed of 95km/h. Exceptional power performance ensures composed handling across various road conditions.

Robust power at your command to unleash the thrill of conquest.

Three EPS Modes Available

Normal

Ensures balanced and versatile response Meets daily riding needs

Comfort

Increased power assistance Reduces arm fatigue during long rides

Sport

More direct and clear road feedback
Enhances control and riding confidence

Equipped with front dual rocker arm independent suspension and rear trailing-arm independent suspension, complemented by a multi-stage adjustable air bag damping system. This provides an extended range of control for real-world riding scenarios, ensuring smooth rides even on rough and challenging terrain.

Revel in Boundless Freedom

6.9m

Minimum turning diameter

Enables more agile and precise maneuvering in tight spaces for smoother, easier handling.

273mm

A

Fuel Your Wild Instincts

A. 273mm Ground Clearance

Built for true all-terrain exploration, easily conquers gravel and rugged terrain.

B. All-terrain tires unleash your adventurous spirit with all-terrain tread patterns, available in multiple styles.

Front: 27x9-R14

Rear: 27x11-R14

Dual disc brakes deliver stronger braking power and stability

Four-channel ABS prevents wheel lock-up on extreme terrain to keep the vehicle steady

C. 3,500 lb Winch + Tow Ball

Safeguards your adventure by confidently preventing stalls.

C

Exceptional Comfort, Proven Reliability

- A. Integrated Seat with Backrest Flexibility for single-seat modifications
Tailored to your needs

- B. B.Seat Alarm
Reduces risk for safer riding

- C. Load capacity of 45 kg in front and 90 kg at the rear enables efficient transport in off-road, rugged, and space-constrained environments such as farms, forests, construction sites and the wild. Significantly improves work efficiency and convenience.

Ambition Unleashed

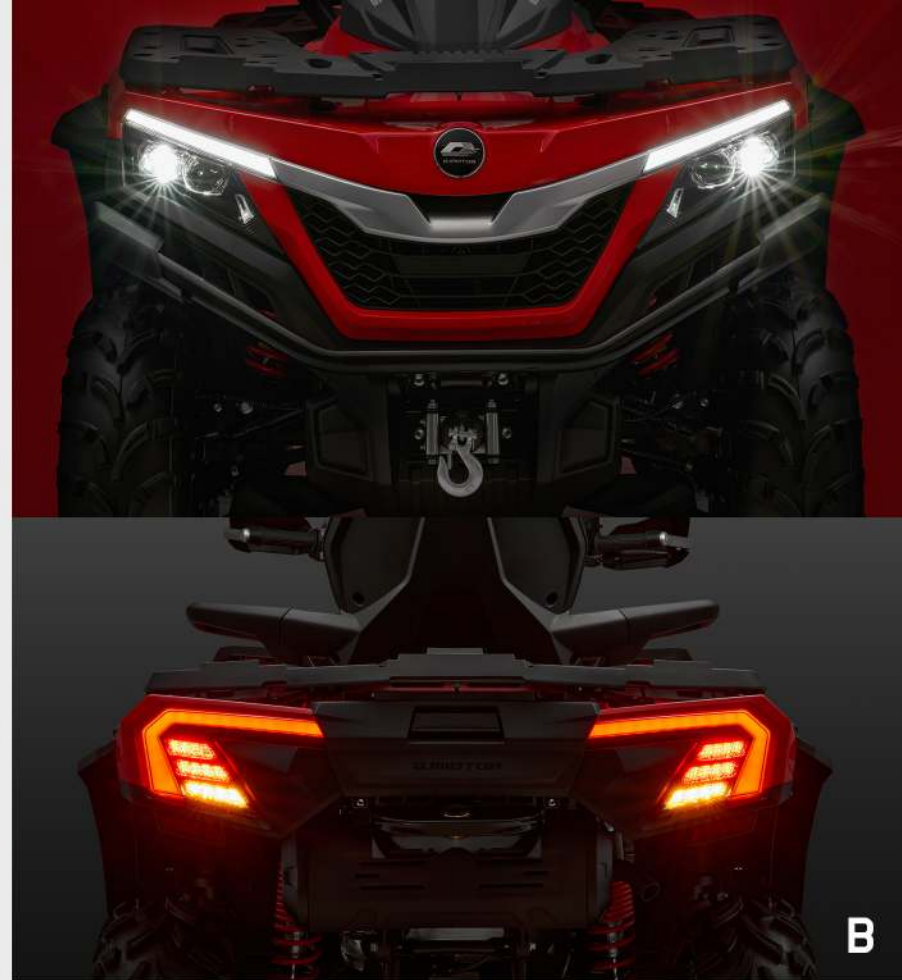

Untamed soul ignited, rugged styling defines the aesthetics of power. Sharp cutting lines sculpt a ready-to-charge aggressive stance, every crease bursting with conquering spirit. Towering suspension and all-terrain mega wheels stand out fearlessly against the blazing red finish. Minimalist design cuts through the ordinary, delivering striking visual impact that declares this vehicle's dominant spirit, bold on any road.

Thoughtfully
Equipped to Every Detail
